

PEDWAY TO HALIFAX LAW COURTS CLOSED FOR REPAIRS

Wednesday, Aug. 30, 2023

Counsel and other visitors to the Halifax Law Courts are advised that the pedway at the base of George Street that provides pedestrian access over Lower Water Street is closed to all traffic for repairs.

This construction work is underway now and expected to continue until at least early November 2023. The pedway will remain closed for the duration of the work.

Public access to the courthouse will continue via the main stairwell at the corner of Duke and Lower Water streets and the temporary accessible ramp in front of the building leading into the parking garage. Individuals using the temporary accessible ramp to the secure staff entrance can contact the front desk using the intercom beside the door.

External wayfinding signage around the Law Courts and in the Halifax ferry terminal is being adjusted to direct visitors away from the pedway to these alternative entrances.
